Unhealthy Air Quality Declared due to Palisades Wildfire: The South Coast Air Quality Management District, has declared unhealthy air quality from the Palisades Fire Event, impacting northwest coastal Los Angeles County including Malibu, Pacific Palisades and areas near the fire.

- The Los Angeles County Department of Public Health has issued an urgent health order, effective immediately, to address the potential health risks associated with fire ash, smoke, and particulate matter resulting from the ongoing Critical Fire Events and Windstorm conditions. As part of this order, the use of all powered air blowers, including electric and battery-operated leaf blowers, is strictly prohibited across the County. This restriction applies to all areas within the County.
- The following recommendations will help you protect yourself and your family from harmful effects of bad air quality:
- Stay indoors to limit exposure, especially if you have heart or lung conditions, are elderly, or have children.
- Keep indoor air clean by closing windows and doors. Use air conditioners that recirculate air to filter out harmful particles. Wear an N95 or P100 mask if you must go outside in smoky conditions for long periods of time in areas with heavy smoke or where ash is present.
- Avoid using fireplaces, candles, or vacuums. Clean dusty surfaces with a damp cloth and don't smoke.
- Avoid leaving your pets outdoors, particularly at night. Pets should be brought into an indoor location, such as an enclosed garage or a house.
