Windblown Dust and Ash Advisory:

The Los Angeles County Department of Public Health is issuing a Windblown Dust and Ash Advisory following strong Santa Ana winds expected to affect the region through Tuesday, January 21, 2025, at 10:00 PM. According to the South Coast Air Quality Management District (South Coast AQMD), gusty winds may disperse ash from recent fire burn scars and generate dust, potentially impacting air quality throughout Los Angeles County. Impacted areas include multiple communities throughout Los Angeles County, especially those downwind of recent burn scars.

Windblown dust and ash contain small particles that may cause irritation or exacerbate pre-existing health conditions, particularly for children, older adults, pregnant individuals, and those with heart or lung conditions. Los Angeles County Public Health advises everyone to take the following precautions to reduce exposure:

- Stay Inside: Keep windows and doors closed. Use an air purifier or run your air conditioning system on recirculate to keep indoor air clean.
- Wear a Mask: If you must go outside, wear an N95 or P100 mask to protect your lungs.
- Secure Loose Items: Tie down or bring in items like chairs, trash cans, and other outdoor belongings to prevent them from becoming hazards.
- Protect Your Eyes: If outside, wear goggles to shield your eyes from airborne ash and debris.
- Stay Informed: Monitor updates from local news sources for the latest on weather conditions, air quality, and potential evacuation notices.
- Be Prepared: Have a plan in place in case conditions worsen, including essential supplies and emergency contacts.

For more information on this advisory, visit: <http://publichealth.lacounty.gov/index.htm>

Repopulation: Currently, there is limited RESIDENT ONLY access to current mandatory evacuation zones MAL-C111-A and MAL-C112-B and RMB-U030-B.

The Palisades Incident Management Team has announced that City of Malibu Zones: MAL-C112-B, MAL-C111-A are under Mandatory Evacuation Order with Resident Only Access. Malibu zone MAL-C111-B remains under Evacuation Order.

The zones are open for **RESIDENT-ONLY ACCESS**: Law Enforcement will only do resident escorts between 12:00 PM and 6:00 PM on January 21 for Malibu Zones MAL-C112-B and MAL-C111-A. Escorts will take place at Malibu Pier Parking Lot, 23000 Pacific Coast Hwy, Malibu, CA 90265. Nighttime curfew remains in effect from 6:00 PM to 6:00 AM.

Department of Public Health staff are distributing personal protective equipment to residents in fire-affected areas as they return to their properties.

How to Prepare:

- Once evacuated areas are opened and community members are allowed to return, doing so safely is extremely important. Malibu residents can take steps now to prepare to go back into evacuated areas.

Check the status of your site:

- CAL Fire and the City of Malibu have conducted Damage Inspections (DINS) in wildfire-affected areas.
- Check the preliminary damage assessment map at recovery.lacounty.gov/palisades-fire to view the status of your property. Updates to this map occur daily.
- Color-labels categorize the damage level to each structure:
 - Red: Structure Destroyed (>50%)
 - Orange: Major damage (26-50%)
 - Yellow: Minor damage (10-25%)
 - Green: Structure Affected (1-9%)
 - Gray: Inaccessible
 - Black: No Damage to structure

Precautions for Health and Safety:

- Enter the reopened area during daylight hours. Areas without power will be dark, creating unsafe driving and walking environments.
- Be sure to wear protective gear, such as long-sleeved shirts and long pants, gloves, and sturdy shoes, to reduce exposure to hazardous materials.
- Wear N95 masks and goggles during cleanup to protect against airborne particles. These will be available at traffic control points.
- When approaching a roadblock, residents must provide proof of residency. Acceptable forms of identification are a photo ID that displays the resident's name, photo, and physical address. Please have these documents ready to ensure a smooth verification process.

When at your site:

- Avoid activities that disturb ash, such as using leaf blowers.; instead, opt for gentle wet mopping or HEPA-filter vacuums.
- Be cautious of displaced utility lines and damaged infrastructure. Keep away if you encounter any downed powerline and call the Southern California Edison: 1-800-611-1911.
- Use bottled water in areas under a "Do Not Drink" advisory.
- Use this time to take video and photos of your property for any insurance claims.

Things to Consider

- **Infrastructure Impacts:**
 - Communities devastated by these fires may likely not have utilities available, even if your property is not damaged. Due to the widespread damage, it was imperative to deactivate electricity and gas services to avoid further damage.
 - Be prepared for extended and potentially intermittent outages throughout these extreme conditions.
- **Water System – Do Not Drink Notice**
 - Los Angeles County Waterworks District 29 has issued a **Do Not Drink Notice** for the eastern portion of the City of Malibu up to and including Carbon Canyon and the community of Saddle Peak in Topanga due to potential fire-related contaminants in the water system.
 - **Bottled Water Distribution:**
 - Location: 23533 West Civic Center Way, Malibu, CA 90265
 - Hours: 10 a.m. – 6 p.m.
 - Affected customers are urged to use bottled water for drinking and cooking until further notice.

Trash/Waste Information:

- **Burned Debris Exclusion:**
 - Please note that burn debris **cannot** be placed in any trash containers. Specialized procedures are required for its safe disposal to protect public health and the environment. LA County is working with the City on a debris removal plan. For questions, please contact the Debris Removal Hotline at (844) FIRE DEBRIS / (844) 347-3332, available Monday through Friday from 7 AM to 7 PM, Saturday from 8 AM to 6 PM, and closed on Sundays and holidays.
- Universal Waste Systems will provide daily trash collection services in all accessible areas within the Malibu Garbage Disposal District through Friday, January 24, 2025. We will share updates on next week's service plan after further coordination with UWS on Friday.
- All household trash and food waste can be placed in **any** available containers. UWS will sort the materials at their facility.
- Boxes and non-hazardous items left at the curb will also be collected. If it's at the curb, UWS will pick it up.

- Residents are asked to place their trash carts and green waste at the end of their driveways for collection.
- Green waste, such as vegetation and yard debris, can be placed at the end of the driveway for pickup.
- If additional carts are needed, residents can contact UWS directly at 800-630-7016 for assistance.

Hygiene/Sanitation: FreshWave Stations

- The City is working to set up FreshWave Stations, which will provide portable handwash stations and portable toilets for residents returning home. These stations will be serviced on a regular basis.
- FreshWave Stations will be located in the following areas:
 - Las Flores Creek Park
 - Rambla Vista and PCH
 - Carbon Mesa Rd and Coal Canyon Rd
 - Carbon Beach Terrace and PCH

Windblown Dust and Ash Advisory:

- The Los Angeles County Department of Public Health issued a Windblown Dust and Ash Advisory through tonight, Tuesday, January 21, 2025, at 10:00 PM. Gusty winds may disperse ash from recent fire burn scars and generate dust, potentially impacting air quality throughout Los Angeles County. Impacted areas include multiple communities throughout Los Angeles County, especially those downwind of recent burn scars.
- Windblown dust and ash contain small particles that may cause irritation or exacerbate pre-existing health conditions, particularly for children, older adults, pregnant individuals, and those with heart or lung conditions. Los Angeles County Public Health advises everyone to take the following precautions to reduce exposure:
 - Stay Inside: Keep windows and doors closed. Use an air purifier or run your air conditioning system on recirculate to keep indoor air clean.
 - Wear a Mask: If you must go outside, wear an N95 or P100 mask to protect your lungs.
 - Secure Loose Items: Tie down or bring in items like chairs, trash cans, and other outdoor belongings to prevent them from becoming hazards.
 - Protect Your Eyes: If outside, wear goggles to shield your eyes from airborne ash and debris.
 - Stay Informed: Monitor updates from local news sources for the latest on weather conditions, air quality, and potential evacuation notices.
 - Be Prepared: Have a plan in place in case conditions worsen, including essential supplies and emergency contacts.

Key Messages for Residents:

1. Follow Evacuation Orders and Warnings:

- Evacuation orders save lives. If you are told to leave, do so immediately.
- Close all windows and doors, move flammable items away from your home, and leave doors **unlocked** for firefighter access.
- No person is authorized within the evacuation zone, including insurance representatives, contractors, debris removal contractors. This area has active hazards and is only available to public safety officials.
