**How to Prepare**

As evacuated areas are opened and community members can return, doing so safely is important. Malibu residents can take steps now to prepare to go back into evacuated areas.

**Check the status of your site:**

- CAL Fire and the City of Malibu have conducted Damage Inspections (DINS) in wildfire-affected areas.
- Check the preliminary damage assessment map at [recovery.lacounty.gov/palisades-fire](https://recovery.lacounty.gov/palisades-fire) to view the status of your property. Updates to this map occur daily.
- Color-labels categorize the damage level to each structure:
  - Red: Structure Destroyed (>50%)
  - Orange: Major damage (26-50%)

- Yellow: Minor damage (10-25%)
- Green: Structure Affected (1-9%)
- Gray: Inaccessible
- Black: No Damage to structure
- Contact Building Safety staff with questions about your property inspection notice: [maliburecovers@malibucity.org](mailto:maliburecovers@malibucity.org) or call 310-456-2489, ext. 390

**Precautions for Health and Safety:**

- Enter the reopened area during daylight hours. Areas without power will be dark, creating unsafe driving and walking environments.
- Be sure to wear protective gear, such as long-sleeved shirts and long pants, gloves, and sturdy shoes, to reduce exposure to hazardous materials.
- Wear N95 masks and goggles during cleanup to protect against airborne particles. These will be available at traffic control points.

**When at your site:**

- Avoid activities that disturb ash, such as using leaf blowers; instead, opt for gentle wet mopping or HEPA-filter vacuums.
- Be cautious of displaced utility lines and damaged infrastructure. Keep away if you encounter any downed power line; call the Southern California Edison: 800-611-1911.
- Use bottled water in areas under a "Do Not Drink" advisory.
- Use this time to take videos and photos of your property for any insurance claims.

**Things to Consider**

- **Infrastructure Impacts:**
  - Communities devastated by these fires may not have utilities available, even if your property is not damaged. Due to the widespread damage, it was imperative to deactivate electricity and gas services to avoid further damage.
  - Be prepared for extended and potentially intermittent outages throughout these extreme conditions.
- **Water System – Do Not Drink Notice**
  - Los Angeles County Waterworks District 29 has issued a Do Not Drink Notice for the eastern portion of Malibu up to and including Carbon Canyon and the community of Saddle Peak in Topanga due to potential fire-related contaminants in the water system.
  - **Bottled Water Distribution:**
    - 23533 West Civic Center Way, Malibu, CA 90265
    - Hours: 10:00 AM – 6:00 PM

- Universal Waste Systems will provide daily trash collection services in all accessible areas within the Malibu Garbage Disposal District through Friday, January 24, 2025. Updates will be provided on next week's service plan after further coordination with UWS on Friday.
- All household trash and food waste can be placed in any available containers. UWS will sort the materials at their facility.
- Boxes and non-hazardous items left at the curb will also be collected. If it's at the curb, UWS will pick it up.
- Residents are asked to place their trash carts and green waste at the end of their driveways for collection.
